LEGALKART PAPER GENERATOR

Marketing Plan & Launch Kit

Positioning, audiences, 90-day launch plan, channels, ready-to-use copy, KPIs and marketing compliance checklist.

Version 1.0 · October 2026 · India

Scope: go-to-market for the MVP (rent agreements, affidavits, NOCs and rent receipts in **Delhi NCR (Delhi, Gurugram, Noida) and Bengaluru**), then the Phase 2 expansion.

Everything in §7 is ready-to-use copy. Placeholders look like `[this]`.

> **Before anything goes out:** run the copy through the marketing compliance checklist. Legal-services marketing in India has stricter rules than most categories.

---

1. Positioning

One-liner

> Stamped rent agreements in 10 minutes, from your phone. No stamp vendor, no queue.

Positioning statement

> For **landlords and tenants in Indian cities** who need a rent agreement quickly, **LegalKart** is the **document app** that **calculates your state's stamp duty, buys the e-stamp online and gives you a ready-to-print agreement**. Unlike visiting a stamp vendor or using a generic template, **every agreement is matched to your property's pincode, the tenant's mobile is OTP-verified, and every page carries a scannable verification code.**

Category: online legal document preparation (*not* legal advice).

Why people switch

Old way	With LegalKart
Find a stamp vendor, queue, buy the wrong value	Duty worked out from your pincode, rent and deposit
Copy a template from the internet, unsure it fits your state	State-specific template, reviewed by an advocate
Typos, missing clauses, no record of who agreed	Guided form, tenant OTP verification, digital copy kept
Half a day off work	About 10 minutes on your phone
Can't tell if a paper is genuine	QR code on every page to verify it

---

2. Target audiences

Segment	Who	Main pain	Hook	Where to reach them
A. Individual landlords (primary payer)	30–60, owns 1–3 flats, often salaried or retired	Time, getting duty and clauses right, tenant risk	"Stamped and ready tonight. Tenant verified by OTP."	Google Search, society WhatsApp groups and RWA newsletters, Facebook, NoBroker/MagicBricks listing season
B. Tenants	22–35, working professionals, often relocating	Needs an agreement fast for HRA, address proof or a company move	"Need a rent agreement for HRA? Done in 10 minutes."	Instagram, LinkedIn, campus and corporate HR, PG/co-living partners
C. Brokers and property managers (Phase 2 focus)	2–20 agreements a month	Repetitive paperwork, chasing stamp paper	"Your back office in an app. Saved parties, bulk create."	Field sales, broker WhatsApp groups, property portal partnerships
D. NRIs and out-of-town owners	Owns property in NCR or Bengaluru, lives elsewhere	Can't visit a stamp vendor	"Rent out your Bengaluru flat from Dubai."	Google (NRI keywords), NRI community groups, Gulf and US Facebook groups
E. Corporates / HR (B2B)	Relocation teams	Employees need agreements for HRA and address proof	Bulk codes, invoices	LinkedIn, HR newsletters, direct sales

Primary persona: "Sunita, the landlord"

- 48, Gurugram, owns a 2BHK she rents out.
- Last time she lost a Saturday finding a stamp vendor and paid a broker ₹1,500 "for the paper".
- Worried about a fake tenant. Uses UPI and WhatsApp daily.
- **What wins her:** speed, a clear price upfront, tenant OTP, "reviewed by an advocate".

3. Messaging pillars

Pillar	Message	Proof points (true today)
Fast	"From pincode to stamped PDF in about 10 minutes."	Guided form, profile auto-fill, instant e-stamp in API states
Correct for your state	"Stamp duty worked out from your property's pincode."	Pincode → state, district and SRO; state-specific templates; duty breakdown shown before you pay

Pillar	Message	Proof points (true today)
Safer	"Every tenant verifies their mobile by OTP."	Required before payment; verification printed under the signature; QR verification on every page
Transparent price	"See every rupee before you pay. Government duty, our fee and GST, separately."	Itemised quote; GST invoice; automatic refund if the stamp isn't issued
Human backup	"Reviewed by an advocate. Real people if you need help."	Advocate-reviewed templates; support chat; (Phase 2) paid advocate review

Tagline options (test these):

1. *Paperwork, without the paper chase.*
2. *Stamped. Verified. Done.*
3. *Rent agreement in 10 minutes. Stamp included.*
4. *The right stamp paper for your pincode.*

Brand voice: calm, plain, precise, reassuring. Short sentences. Explain legal terms the first time ("SRO, the Sub-Registrar Office"). No fear-mongering, no legal jargon walls, no hype words like "100% legal" or "guaranteed".

---

4. Pricing presentation

Show the price as three parts, always. This transparency is a differentiator.

Line	Example (Gurugram, ₹25k rent, 11 months)
Stamp duty, paid to the Government of Haryana	₹4,875
LegalKart fee (incl. e-stamp vendor charge)	₹249 + GST
You pay	**₹5,168.82**

Launch offers (pick one, time-boxed):

- **Fee waived on your first agreement** (stamp duty still applies). This is the strongest acquisition hook.
- **₹100 off with a referral code**, for both the referrer and the new user.
- **Brokers:** 10-agreement pack at ₹1,990 + GST (fees only).

> Never advertise "free rent agreement" unless the stamp duty is also free. It isn't, and the claim would be misleading.

---

5. Launch plan (90 days)

Phase 0: Pre-launch (weeks −6 to 0)

- ☐ Landing page with waitlist (pincode + phone), SEO pages live (see §6.1)
- ☐ App Store / Play Store listings submitted with screenshots (§7.1)
- ☐ 20 beta landlords from 3 Gurugram and 2 Bengaluru societies (via RWA committees). Collect video testimonials *with written consent*
- ☐ 2 broker partners and 1 co-living/PG operator signed for soft launch
- ☐ DLT registration for **promotional** SMS headers and templates (separate from OTP); WhatsApp opt-in flow
- ☐ Support playbook built on the *User Guide* troubleshooting table

Phase 1: Launch (weeks 1–4): NCR first, Bengaluru in week 3

- ☐ Google Search ads on high-intent keywords (§6.2)
- ☐ "First agreement fee-free" offer
- ☐ RWA activation: a sponsored notice-board QR poster and one WhatsApp message via the RWA committee, with permission (§7.6)
- ☐ PR: launch story pitched to city and startup media ("Gurugram startup ends the stamp-vendor queue")
- ☐ Founder posts on LinkedIn and X; a demo reel (10-minute agreement, sped up to 30 seconds)

Phase 2: Scale (weeks 5–12)

- ☐ Referral programme live (§7.8)
- ☐ Meta ads to landlord lookalikes; Instagram reels aimed at tenants (HRA season: **Jan–Mar**, when employers collect investment proofs)
- ☐ Broker field sales: 50 brokers in NCR, onboarding kit, pack pricing
- ☐ Content engine: 2 SEO articles a week, 1 reel a week
- ☐ Renewal reminders become a retention channel at month 10

Seasonality:

- **Mar–Jul:** relocation and academic-year moves.
- **Jan–Mar:** HRA proof deadlines.
- **Oct–Nov:** festive-season moves.

---

6. Channels

6.1 SEO (biggest long-term channel)

Create **city × document** landing pages, e.g. `/rent-agreement-gurgaon`, `/rent-agreement-bangalore`, `/rent-agreement-noida`, `/e-stamp-paper-delhi`. Each has:

- a duty calculator (pincode + rent + deposit → duty)
- the process steps
- an FAQ (with schema markup)
- local SRO information

Keyword clusters (validate volumes in Google Keyword Planner before committing):

Cluster	Examples
Transactional	rent agreement online [city], e stamp paper online [city], rent agreement format [state]
Informational	stamp duty on rent agreement in [state], 11 month rent agreement, rent agreement for HRA, is notarised rent agreement valid
Calculator	rent agreement stamp duty calculator, stamp paper value for rent agreement
NRI	rent agreement for NRI landlord, how to rent out flat in India from abroad

Content calendar starters:

1. "How much stamp duty for a rent agreement in Haryana, Delhi and Karnataka? (with calculator)"
2. "11-month rent agreements explained: why not 12?"
3. "Rent agreement for HRA: what your employer actually needs"
4. "Tenant police verification in Delhi and Gurugram: step by step"
5. "E-stamp vs. stamp paper vs. franking: what's the difference?"
6. "Landlord checklist: 12 clauses every rent agreement should have"

Have an advocate review every legal article before it is published.

6.2 Paid search (Google Ads)

- **Campaigns:** one per city × document, exact and phrase match on transactional terms.
- **Negatives:** "format pdf free download", "word file", "sample", "jobs".
- **Ad extensions:** price ("Fee from ₹249"), callouts ("Tenant OTP verified", "Instant e-stamp"), sitelinks to the duty calculator.
- **Targets to start:** CPA ≤ ₹250 per paid agreement; pause any keyword with ROAS < 1.5 after 2 weeks.

6.3 Social

Platform	Format	Audience
Instagram Reels	15–30 s screen-capture demos, "Landlord myths", tenant HRA tips	Tenants, young landlords

Platform	Format	Audience
Facebook	Society and city groups (organic, with admin permission), lead ads	Landlords 40+
LinkedIn	Founder story, HR/relocation partnership posts	Corporates, brokers
YouTube	3-minute walkthrough (doubles as help content), Hindi version	All, search-driven

6.4 Partnerships

- **RWAs and housing societies:** QR poster, notice-board flyer, an RWA-specific referral code with a ₹50 credit to the RWA welfare fund per agreement.
- **Brokers:** pack pricing, saved parties, co-branded PDF cover (Phase 2).
- **Co-living / PG operators:** bulk agreements for residents.
- **Corporate HR:** relocation-benefit codes.
- **Property portals:** "Get your agreement" link after a listing closes.

6.5 App Store Optimisation

Covers keywords in the title and subtitle, screenshots that show the price breakdown and the OTP badge, a prompt for ratings after a successful download (never after an error), and replies to every review within 24 hours.

6.6 Retention and referral

- Renewal reminder at month 10.
- "Need a rent receipt?" monthly nudge (free generator, which builds habit).
- Referral credits.
- An NPS survey 7 days after download.

---

7. Ready-to-use copy

7.1 App store listing

Google Play

- **Title** (≤ 30 chars): `LegalKart: Rent Agreement` *(25)*
- **Short description** (≤ 80 chars): `Stamped rent agreement in 10 mins. E-stamp bought online. Tenant OTP verified.` *(78)*

Apple App Store

- **Name** (≤ 30): `LegalKart Rent Agreement` *(24)*
- **Subtitle** (≤ 30): `E-stamp + tenant OTP in mins` *(28)*

Long description:

> Make a stamped rent agreement on your phone, without visiting a stamp vendor.
>
> **How it works**
>
> 1. Enter your property's pincode. We find your state, district and stamp duty.
> 2. Fill in the rent, deposit and party details. Save time with auto-fill.
> 3. Your tenant confirms their mobile with a one-time code (SMS or WhatsApp).
> 4. See the exact price: government stamp duty, our fee and GST, itemised.
> 5. Pay by UPI or card. We buy the e-stamp in the right names and amount.
> 6. Download your stamped PDF and an editable Word copy. Print, sign, done.
>
> **Why LegalKart** • State-specific templates reviewed by an advocate • Stamp duty calculated from your pincode, rent and deposit • Every tenant's mobile verified by OTP • QR code on every page to check the document is genuine • Full refund if the e-stamp can't be issued • Your data is stored in India and encrypted
>
> **Available in:** Delhi, Gurugram (Haryana), Noida (UP) and Bengaluru (Karnataka). More cities coming soon.
>
> *LegalKart is a document-preparation platform, not a law firm, and does not provide legal advice. We recommend an advocate's review before signing.*

Screenshot captions (5 frames):

1. "Rent agreement in 10 minutes"
2. "Pincode → the right stamp duty"
3. "Tenant verified by OTP"
4. "Every rupee shown before you pay"
5. "Stamped PDF, ready to print"

7.2 Landing page

Hero

> # Your rent agreement, stamped and ready in 10 minutes
>
> Enter your pincode. We calculate the stamp duty, buy the e-stamp and hand you a print-ready agreement. No queues, no guesswork. **[Start with your pincode →]** · *From ₹249 + stamp duty*

Trust strip: Advocate-reviewed templates · Tenant OTP verification · QR-verifiable pages · Full refund if the stamp isn't issued

How it works: 1 Pincode → 2 Details → 3 Tenant OTP → 4 Pay → 5 Download & sign

Calculator section: "How much stamp duty will I pay?" with pincode + rent + deposit + months → an itemised answer and a **[Make my agreement]** button.

Objection-handling FAQ (from the *User Guide FAQ*): Is it valid? Why 11 months? Who pays the duty? Can we sign digitally? Is my data safe?

Footer disclaimer: *LegalKart is not a law firm and does not provide legal advice. Stamp duty shown is calculated from published state rates and confirmed before payment.*

7.3 Google Search ads (responsive)

Headlines (≤ 30 chars each):

- `Rent Agreement in 10 Minutes`
- `E-Stamp Bought Online For You`
- `Gurgaon Rent Agreement Online`
- `Stamp Duty From Your Pincode`
- `Tenant OTP-Verified Agreement`
- `Fee From ₹249 + Stamp Duty`
- `No Stamp Vendor Queue`

Descriptions (≤ 90 chars each):

- `Enter pincode, add details, pay by UPI. Get a stamped, print-ready rent agreement today.` *(88)*
- `Advocate-reviewed template. Duty, fee and GST shown upfront. Full refund if not stamped.` *(88)*

7.4 Social posts

Instagram reel script (tenant, 20 s):

> [0–3s] "HR needs your rent agreement by Friday?" [3–12s] Screen capture: pincode → form → OTP → pay, sped up. Caption: *10 minutes. Stamp included.* [12–18s] PDF opens; zoom on the QR. *Every page verifiable.* [18–20s] Logo + "LegalKart: link in bio"

Facebook (landlords):

> Renting out your flat this month? 🏠 Skip the stamp-vendor trip. LegalKart works out your stamp duty from the property pincode, buys the e-stamp online, and verifies your tenant's mobile by OTP before anything is printed. Gurugram · Delhi · Noida · Bengaluru. First agreement fee-free till [date] (stamp duty applies). 👉 [link]

LinkedIn (founder):

> Last year I spent a Saturday finding stamp paper for a ₹100 affidavit. That's the problem we set out to fix. Today we're launching LegalKart in Delhi NCR: pincode-matched stamp duty, online e-stamp, OTP-verified tenants, and a QR on every page so anyone can check the paper is genuine. If you're a landlord, a broker or an HR team handling relocations, I'd love your feedback. [link]

7.5 WhatsApp broadcast (opted-in users only)

> Hi [Name], your rent agreement for [Property, short] ends on [date]. Renew in 5 minutes: we'll copy your details and only ask what's changed. [link] Reply STOP to opt out.

7.6 RWA notice and committee message

> **Notice for residents: renting out your flat?** [Society name] residents can now make stamped rent agreements on the LegalKart app: stamp duty calculated for our pincode, e-stamp bought online, tenant mobile verified by OTP. Use code **[RWA-CODE]** for ₹100 off your fee. For every agreement, ₹50 goes to the society welfare fund. [QR code] · *LegalKart is a document-preparation service, not legal advice.*

7.7 Promotional SMS (DLT promotional template, sent only during TRAI-permitted hours)

> Renting out your flat? Get a stamped rent agreement in 10 min on LegalKart. Fee waived on your first one till [date]. [short link] -LGLKRT

7.8 Referral message (user shares from the app)

> I made our rent agreement on LegalKart: e-stamp bought online, ready in 10 minutes. Use my code [CODE] for ₹100 off your fee: [link]

7.9 Push notifications

Trigger	Copy
Draft abandoned (24 h)	"Your rent agreement is 70% done. Pick up where you left off."
Tenant not verified (2 h)	"Waiting on [Tenant] to confirm their OTP. Resend the code?"
E-stamp issued	"✅ E-stamp issued: [cert no.]. Your agreement is ready to download."
Renewal (day 300)	"Your agreement with [Tenant] ends on [date]. Renew in 5 minutes."

7.10 Email: post-purchase

Subject: Your stamped rent agreement is ready ([Ref])

> Hi [Name], Your e-stamp **[cert no.]** has been issued and your agreement is attached. **Next steps:**
>
> 1. Print on A4.
> 2. All parties sign every page.
> 3. Witnesses sign.
> 4. Optional: notarise.
> 5. In Delhi and Haryana, complete tenant police verification.
>
> Need changes or help? Reply to this email. *LegalKart is not a law firm. We recommend an advocate's review before signing.*

---

8. Metrics

Funnel (instrumented in PostHog):

`Install → Signup → Pincode entered → Form complete → All tenants verified → Quote viewed → Paid → E-stamp issued → Downloaded`

KPI	90-day target (MVP)
Paid agreements	3,000
Pincode → Paid conversion	≥ 25%
Tenant OTP completion (of those who send)	≥ 85%
Blended CAC per paid agreement	≤ ₹200
E-stamp issue time (p90, API states)	≤ 15 min
Refund rate (stamp not issued)	≤ 1%
Play / App Store rating	≥ 4.5
Referral share of new paid users	≥ 15%
Renewal rate at month 11 (later cohorts)	≥ 40%

Suggested 90-day budget split (adjust to available funds):

Channel	Share
Google Search	40%
Meta / Instagram	20%
RWA and broker activation (print, codes, field)	15%
Content / SEO (writers, advocate review)	10%
Referral credits and launch offer	10%
PR and creative production	5%

9. Phase 2 and 3 marketing hooks

- **Maharashtra Leave & Licence:** "Registered L&L from home" (once the IGR e-registration flow is live).
- **Advocate review marketplace:** "Get a lawyer to check it for ₹[x], in 24 hours."
- **Agreement to sell:** buyer-focused content ("Before you pay token money: 7 checks").
- **Regional languages:** Hindi, Marathi and Kannada creatives and app UI.
- **B2B:** broker and HR dashboards, API for property portals and banks.

10. Marketing compliance checklist

Every external asset is checked against this list before it goes out.

- ☐ **No legal-advice claims.** Never say "legal advice", "lawyer-drafted for you", "100% legal", "court-proof", "guaranteed valid" or "government approved". *OK:* "advocate-reviewed templates", "genuine government e-stamp".
- ☐ **Advocate involvement is described accurately.** Bar Council of India rules bar advocates from advertising or soliciting work. Don't feature partner advocates by name or photo as a selling point without legal sign-off.
- ☐ **No implied government or SHCIL endorsement.** Don't use government emblems, the SHCIL/StockHolding logo or state seals. "E-stamp issued through authorised channels" is fine.
- ☐ **Prices are complete.** Any fee claim states that stamp duty is extra, or shows the total. No "free agreement" unless it is.
- ☐ **Time claims are qualified.** "About 10 minutes" is tied to the self-print e-stamp states; don't promise "instant" where stamps are issued manually.
- ☐ **ASCI code:** claims are substantiated, testimonials are genuine with written consent, influencer posts are labelled (#ad / #sponsored).
- ☐ **TRAI / DLT:** promotional SMS only from registered promotional headers and templates, within permitted hours, honouring DND preferences; never mix promotional content into OTP templates.
- ☐ **WhatsApp:** marketing messages only to users who opted in; an opt-out in every broadcast; use Meta-approved marketing templates.
- ☐ **DPDP Act:** separate, unbundled consent for marketing (not hidden in the OTP consent); honour withdrawal promptly. **Never market to tenants or other parties** whose numbers we hold only for verification, unless they sign up themselves.
- ☐ **Data in creatives:** use fictitious names, numbers and certificate numbers only. Blur real certificates and real addresses.
- ☐ **Disclaimer** on the landing page, app listing and long-form content.
